ELECTION, NEXT TUESDAY!

ON TUESDAY NEXT every Democrat should perform his duty manfully.

Be at the polls early!

Be at the polls all day!

Keep a sharp eye on the ballot-box!

See that every Democrat votes!

See that your friends have the regular ticket!

Challenge all spurious voters!

Get out the last man!

In all things be firm and vigilant, and VICTORY is yours!

DEMOCRATS, reason with your Republican neighbors. Compare the condition of the country now with what it once was. Contrast the times. Look at the expenses of carrying on the government now and what they were before 1860. Examine the causes that require the enormous increase of taxation in time of profound peace. Consult with reference to the general prostration of business and what has produced this condition of affairs. If your Republican neighbor will not thus reason with you, let him alone. He may be regarded as "joined to his idols." But few sensible men, now-a-days, refuse to compare political notes, if the proper spirit is manifested in all such party discussions. See to it, Democrats, that nothing is left undone to secure the largest vote ever cast in the county for a Democratic ticket.

THE PEOPLE OUGHT TO REMEMBER, that the fundamental principle of Democracy is "the greatest good to the number;" and that it is this point which forms the dividing line between the Democratic party and any and all of the other parties which have opposed it since the days of Washington.

THE PEOPLE OUGHT TO REMEMBER, That prosperity is the natural result of good government, and adversity the first fruits of bad government. Democratic government uniformly brings prosperity; while Republican government brings ruin and desolation. "By their fruits shall ye know them." Judge, therefore, oh ye people, between these two parties and render an honest verdict on the third of November!

EVER since Radicalism rules we have been blessed with general health and plentiful crops. The people are enterprising and industrious as they were before. No particular disaster has befallen us. But nevertheless we are afflicted with all manner of evils—destitution bordering on starvation among the laboring people out of employment, manufactories, iron works, mining and everything else which formerly gave employment to the willing laborers, are all at a stand still. Is there no cause for this direful effect? Certainly there is—the way the government is ruled. Change this rule and in time all will be well.

DEMOCRATS, once more to the front. Hundreds of workingmen out of employment are appealing to you for help. Hundreds of starving wives and children are appealing to you for help. Hundreds of tax-ridden farmers are appealing to you for help. Your own interests call loudly for action. Go to the polls and vote your ticket from top to bottom, and see that your Democratic neighbor goes there too, and you will have done all in your power to change an administration whose working has entailed so much misery upon the people.

THE Republican party have had a long and fair trial, and the result is financial distress, stagnation in business, industry paralyzed, and consequent loss of employment and reduction of wages to the laboring classes. Now let the laboring man, the business man, and every other honest man go to the ballot box and repudiate the party that has fed them upon promises and lies.

THE Radical papers contend that the misson of the Republican party is not yet fulfilled. No, not by any means. Labor is only 80 cents a day, and mighty scarce at that; the President's salary only $150 a day, the Governor's only $30 a day; members of Congress only $17 a day; members of the Legislature only $10 a day, and all other Radical office holders in proportion.

IN a letter to the New York Herald, which is marked by that masculine vigor and accuracy for which his legal opinions are noted, Judge Black takes the position, that in the late Louisiana troubles, President Grant ought to have recognized the de facto government, which was the McEnery administration, his party having acquired entire possession of the State government.

THE Cameron rule in Pennsylvania has been a disgrace and shame to the State. Brandt, Beales and Reily will do whatever that Ring demands. The only way to help restore the honor of the State which these men would assist in bartering away is to work earnestly for the election of Chesnut, Stahle and Geiselman.

THE new law requires that all Judges of Elections within twelve miles of Gettysburg shall, before 2 o'clock P. M. of the day after the election, and all other Judges shall, before 12 o'clock M. of the second day after the election, deliver their returns to the Prothonotary. This is THE LAW, and therefore imperative.

IT is rumored that Landaulet Williams will take the place of Mr. Jewell as Minister to Russia. Both governments ought to gain by the exchange. The United States may get a better attorney general and Williams will be able to teach the Czar Alexander something in the way of despotic rule to astonish that autocrat.

THE effect of the elections in the West will be to determine the large class of undecided voters for the Democratic candidates in the States which are yet to vote; and the triumphs in New York and Pennsylvania will swell the tide of Tuesday till it sweeps the country in '76 from the Atlantic to the Pacific.

A VOTE for Beales and Reily is a vote for the Civil Rights bill and blacks in the white schools.

THE CIVIL RIGHTS BILL.

WHAT IS IT?—This bill has passed the United States Senate. It is now before the house of representatives. The election in November will determine its fate.

What does this bill propose to do?

It is intended to override the right of the people of the states to pass laws to govern themselves.

It forces, by a law of congress, the children of white parents to associate with negroes as their equals in the public schools.

It forces the officers of colleges and institutions of learning to make negroes the equals of white students.

It forces hotel keepers to put the white guests in the same rooms and beds occupied by negroes.

It forces the managers of cemeteries to bury the negroes side by side with the whites.

It forces the managers of theatres and places of public amusement to seat the negroes by the side of the whites.

It forces the churches built by the money of white people, and congregations which support them, to give a negro any seat he demands.

It forces the managers of hospitals to put the negroes in the same room with the whites.

The penalty for violating any of the provisions of this bill is a fine of one thousand dollars and imprisonment for one year, and five hundred dollars to every negro who sues for his moiety.

The provisions of this bill apply to all the states north and south.

The negroes have the same political rights now as the white men. Our German, Irish, English, and all other naturalized citizens have no such special legislation for their benefit. They must take care of themselves. Shall the negro be the only class of people who are to have special laws for their benefit? Is the negro to have special privileges enforced by special laws, and the white man made to pay and go to prison if he objects?

We appeal to the white race, to the men and women of the white race, to repel with every influence at their command the attempt of the Radical party to degrade them.

The most monstrous provision of this civil rights bill is that which gives the negro a bribe of five hundred dollars to prosecute, fine and imprison the white man.

We assert, without fear of denial from the Radical party, bold as that party is in assertion of falsehoods, that never before in any civilized state was such a law ever proposed to be inflicted on a people.

KEEP IT BEFORE THE PEOPLE,

That the Radical Republican party has had unlimited control of the National Government for more than fourteen years past; in which time it has cursed the country with a debt of more than two thousand million dollars; besides bringing the country into a financial crisis such as has not had its equal in the history of our government.

KEEP IT BEFORE THE PEOPLE,

That the utter ruin of thousands of honest business men, and the want of labor through which to obtain an honest livelihood for the working man, is part of the results of the miserable failure of the Republican party managers, in the conduct of the national government.

KEEP IT BEFORE THE PEOPLE,

That the only hope for a return to prosperous times is in a change in our rulers; and that this change can be brought about, by the taxpayers of the country, on the third day of November; and that it is a duty they owe to themselves, as well as their country, to make that change by voting the whole Democratic ticket. Taxpayers! see to it! Work out your own salvation in this, the lawful way, as well as the cock-sure remedy for your ills.

KEEP IT BEFORE THE PEOPLE,

That the Republican party newspapers know nothing about principles, but lavish their praises upon the candidates of their party, while they say all manner of evil things against the Democratic candidates; not caring whether the praise of their candidates be deserved, or the slanders against the Democratic candidates have the first shadow of truthfulness.

THE Democratic majority in Ohio, with five counties to hear from, is 16,000. The remaining counties will bring the majority up to 17,000. This is the splendid example for the emulation of the people of Pennsylvania on the 3d of November. With the people of both States are the same grievances in the threatened Civil Rights Bill, with its mixed schools and social equality among the races, in sumptuary legislation, federal despotism in the south, carpet bag rule, and the general stagnation in trade and business, produced by financial blundering, and corruption and maladministration in government. Superadded to this the people of Pennsylvania have a grievance of their own in the rule of the Ring which has so long held sway in the State, and has used political power solely for the aggrandizement of its own members. The same spirit which animates the people of the great State of Ohio will redeem Pennsylvania in November. An organ of the Ring has persuaded itself that the great revolution has not reached Pennsylvania on the ground that the "popular conscience" is not so "sensitive" in this State as in the west. The election returns will show whether there is any justice in this bitter sarcasm upon the people of Pennsylvania.

THE people of the Border counties bitterly contrast the appropriation of a million of dollars to Philadelphia for the celebration of the Centennial with the refusal of a Republican Legislature to relieve the sufferers from the rebel invasion. No authority in the constitution could be found for an appropriation to the Border sufferers whom the State was bound to protect, but there was abundance of arguments in favor of taking a million from the treasury to be spent in a raree show.—Harrisburg Patriot.

DEMOCRATS OF ADAMS, TURN OUT TO A MAN, AND WIN A CROWNING VICTORY, NEXT TUESDAY!

OLMSTED'S nomination for Lieutenant Governor was a concession to the liquor prohibitionists. He is a strenuous advocate of the prohibitory law which has been in existence in his own county of Potter.

NOW FOR PENNSYLVANIA!

The brilliant and triumphant victories won by the Democrats of Ohio, Indiana, Arkansas and West Virginia, should, and we doubt not will, have a powerful influence upon Pennsylvania on Tuesday next.

We have carried

Ohio by 15,000!
Indiana by 18,000!!
West Virginia by 5,000!
Arkansas by 75,000!!!

And we have gained in these four States 14 Congressmen. The Legislature of Indiana is also ours, which is a gain of a U. S. Senator. New York will go Democratic by at least 50,000 and Pennsylvania should not be much behind the Empire State.

The people are at last aroused and terribly in earnest. The infamies of the Grant administration have at last—thank fortune—opened the eyes of a long-suffering and swindled people. They have seen that Grant himself takes no interest whatever in the country or its suffering people, but, on his double pay, puts in the most of his time at watering places and in pleasure trips, in company, very often, with those who have robbed the government out of millions.

And now, ye men of Adams county and of Pennsylvania, will not you too join hands and rescue our State from its enemies? We do not appeal to Democrats alone, but to all good men who have their State and country at heart. Can honest Republicans longer countenance the party with which they have been acting? We feel sure they cannot. Then up, freemen, up, and let your watch-words be "Down with the corruptionists; down with the men who have brought ruin, distress and disgrace upon our country!"

THE prospect of a Democratic majority in the next Federal House of Representatives is cheerful. The Democracy of the States which are about to hold elections have but to buckle down to their work as zealously as did their brethren in the States which have already voted and there will be a handsome working majority for the right side in the popular branch of Congress from the 4th of March next. The Republican leaders regard with horror the possibility of a Democratic majority in the next House. They know that the day they lose their supremacy in that body a series of investigations will be set on foot which will expose the hidden rascalities of the past thirteen years to the light of day and the indignation of the people. They will turn the country upside down within the next week to prevent so dire a calamity to themselves, but the victorious Democracy marching from the well-fought fields of NEW HAMPSHIRE, CONNECTICUT, OREGON, NORTH CAROLINA, KENTUCKY, GEORGIA, OHIO, INDIANA, and ARKANSAS, have but to present a steady front and strike such blows as they have already given and the enemy, horse, foot, and dragoons, will go down before them. We have shown, by "posting the books" to October 13, that the States which have already held elections have chosen 33 Democrats and 30 Republicans to the next Congress, a Democratic gain of 16. These States represent a little more than a fifth of the whole. Let the gains in the remaining States be in the same proportion, and there will be a Democratic majority in the next House of not less than 35. So, too, with the Senate. The anti-Administration gains so far have been 5. Let Democratic legislatures be elected in FLORIDA, NEVADA, TENNESSEE, and WISCONSIN, and the whole number of anti-Administration gains will be 10, and the Republican majority in the Senate will be reduced to 6, which will itself be rendered worthless by the independent action of such lukewarm Republicans as Alcorn, of Mississippi; Robertson, of South Carolina, and Ferry, of Connecticut. This estimate supposes, of course, that the Legislatures of New York and New Jersey will also be Democratic, but that will insure no gain in anti-Administration Senators, as they are already represented by anti-Administrationists, Fenton and Stockton. But at any rate, the Democracy can nearly wipe out the Republican majority in the Senate this year if they have the will to do so, and that will help to clear the way for a Democratic Senate two years hence to support the incoming Democratic Federal Administration.—World.

DEMOCRATS, DON'T LET "GENERAL APATHY" OVERTAKE YOU NEXT TUESDAY!

THE Alabama outrages, covering a list of sixty homicides, have now been sifted down to two—the case of Billings, whose murderers are unknown, and Ivey, the mulatto postal agent, who was shot on board a train of cars which had been signalled to stop by a negro, though the murder was perpetrated by unknown white men. Neither of these murders had anything more to do with politics than the late murders perpetrated in the city of Philadelphia. No party in Alabama justifies or upholds them. But they make a splendid excuse for overrunning the State with soldiers, and the "Department of Justice" is improving its opportunity.

A BAND of dissatisfied Democrats in Clearfield county having wandered off from the main army on questions of local politics, they have been designated as "Modocs." They were few in number and entirely dependent upon Republican assistance for any effective result; but their hopes have been entirely dashed by the separation of the Republicans, at their late convention, into two hostile camps. The stronger party are called "Seminoles" and the seceders "Blackfeet." The result of this Indian warfare will be a gratifying Democratic majority.

As a specimen of Radical reform and retrenchment, the Patriot says that according to Auditor General Allen's last official statement, $34,227 were paid from the funds of the State for military purposes exclusive of pensions and gratuities for actual service; and that of this sum $7,427 51 was paid for the expenses of the Adjutant General's office, while in 1860 the expenses of the Adjutant General's office, under a Democratic administration, were only six hundred dollars. Need we wonder why the taxes are so high and yearly on the increase?

REMEMBER, TUESDAY NEXT!

WHAT THE RADICALS WILL DO!

TWO PLANKS FROM THEIR PLATFORM!

EVERY VOTER SHOULD CONSIDER THEM BEFORE HE VOTES!

What the Republicans will do, in part, if they succeed in Pennsylvania in November, may be gathered from their platform. Their fifth resolution declares that "the State is bound to see that all her children are duly educated"—not that they shall have opportunity for education, but that every one actually is educated. This is, plainly, COMPULSORY EDUCATION—in other words, that persons shall be compelled by law to send all their children to school a certain portion of each year, whether they need them at home or not, or however much they may be opposed to the teacher. All freedom of action is to be destroyed, and the control of your own children is to be taken out of your hands.

The 10th resolution of the platform, which we publish at the head of the Republican ticket, declares in favor of the CIVIL RIGHTS BILL, which compels the admission of negro children into the white schools, and not only places negroes on an equality with whites, but forces them into our churches, cemeteries, schools, and all public assemblies, conveyances, &c., into the presence and under the noses of the whites. While a white man may be refused admission to any of these because of crime, or filth, or infamous character, or other equally good reason, a negro dare not be refused for any cause, under heavy penalties of fine and imprisonment.

But look at the operation of these two measures when placed together. One or a half a dozen, or any other small or large number of white children may (if the Republican measures be adopted) be forced into schools with thirty or fifty or any large number of negroes. Under these measures, if laws, you will not DARE to keep your child from school—it must undergo the repulsive and offensive association, and the parent will have no power to protect it. No matter how delicate the child may be, or how offensive and in all respects improper the association may be, the parent is forced to compel it to attend the school.

The EFFECT of these laws—and who can avoid the conclusion that it is their object—is to degrade the children of the poorer classes, the working people, by forcing negro equality upon them and they alone, for the rich can escape it by sending their children where they please and to private schools, to which the civil rights bill will not apply.

Let every poor man defend his child against this attempted degradation, by casting his ballot against the party that proposes such nefarious schemes.—Mothers, use your influence to protect your children, through the ballots of your husbands and sons, before it is too late.—Columbian.

DEMOCRATS, GO TO THE ELECTION NEXT TUESDAY, RAIN OR SHINE!

THE good effect of the change of the election day in Pennsylvania in preventing the colonization of voters will be felt in other parts of the State as well as in Philadelphia. While the annual gangs of repeaters from New York and Baltimore will no longer ply their trade under the protection and encouragement of the Radical police force of that city, the autumnal migration across the northern border of Pennsylvania will cease. It is well known that for years the honest Republican politicians of Bradford county and any other counties of the northern frontier have made at every election extensive colonizations of voters from New York. They were brought over under the guise of various employments and under an illegal ten day residence were allowed to vote. In this way the majorities of the Republican counties of the frontier were often greatly swollen. By the way of reciprocity a migration from the northern counties to New York took place in the following November, the effects of which were visible in the election returns of that State. This sort of political enterprise is now effectually cut off by the change which places the election of both States on the same day.

THE SALARY GRAB was a most obnoxious measure to the whole country. Grant profited by it more than any other of the recipients, for he got $50,000 by it instead of $25,000 per annum; and yet, it is stated from Washington, that the President in the space of four months, has spent only twenty-three days at the Capital! His example has been followed by his Cabinet, and all the heads of departments have been junketing about the country, more or less, during the season. The public business, much of the time, has been left in the care of subordinates. Is it any wonder that Uncle Sam's farm is getting out of kelter, when the head man is off frolicing for a third of his time?

THE Democratic State Committee of Alabama have issued an address to the people of the United States, denying the charge made by Senator Spencer and the Republican Congressmen regarding outrages in that State. They say these charges were made for the purpose of influencing the elections in the North and West, and of procuring Federal troops to control the election in Alabama. They also assert that the rations given by Congress for the sufferers in the overflowed districts are being used as a corruption fund all over the State for the purpose of controlling the elections.

WE would urge upon our friends, in every district, the importance of getting every Democratic voter to the polls. Have conveyances provided for those who have none. Ascertain the absentees, early in the day, and send after them. Don't stop to parley with your opponents. Be vigilant and active all day, and look well to the doubtful voters.

IF mills and men are idle, if trade languishes and wages are reduced, whose fault is it? The Democratic party has not interfered with the tariff, or made any laws for the past fourteen years; everything has been in the hands of the Republican party and upon it the responsibility rests.

WHEN a Radical tells you of economy in his party, put him in mind of the fact that Mr. Dawes, the leader of the Republicans in Congress, last winter, declared that the national expenditures had suddenly risen from $290,000,000 to $319,000,000, an increase of $29,000,000 in one year.

MR. OLMSTED, the ring candidate for lieutenant governor, is by no means sanguine of his election. He says that he has been expecting a "break up" for some time, and it would be just his luck to be on the ticket when it happened.

ELECTION Next Tuesday!

ATTENTION, PENNSYLVANIA.

[From the Cleveland Plaindealer.]

Victorious and redeemed Ohio extends her hand, yet stained with the smoke of battle, to her sister State and sends joyous greeting. We have stormed the enemy's fortress; our flag floats in triumph over the citadel; and it shall remain there!

We have gained in one year a number of votes equal to the Republican majority in Pennsylvania in 1873. Will not Pennsylvania do as well and redeem herself? Your opponent's greatest strength is his prestige. Fear him no longer. He is an old lion whose gums are fangless, whose claws are broken, and whose roar only is terrible.

Have Pennsylvanians no wrongs to right, are they constricted by no monopolies, are they robbed by no rings? Is there no Augean stable in Harrisburg? Are Pennsylvanians unknown to the Washington lobby?

Do not unworthy Republicans attempt as here, to float into office on "southern outrage" bladders, or on "White League" life preservers, or on ancient war planks? Those sheeted ghosts and bloody spectres and patriotic platitudes did not deceive the workingmen and yeomen of Ohio—did not divert them from finding that the Republicans had run the ship on the rocks of financial disaster, and were plundering the cargo. Pennsylvania! Inscribe on your banners the Ohio war cry, OPPOSITION TO IMPOSITION—and next November you too shall sing the song of the politically redeemed in chorus with Ohio, Indiana, New Hampshire, Connecticut and North Carolina.

AS DRAWN BY A REPUBLICAN ARTIST

Perhaps at no previous period in our history have there been so many misgivings amongst thoughtful and patriotic men as to the success and permanency of our institutions as at present. Discord exists throughout the land between the people and their rulers. Then it cannot be disguised that there is a decline in public morals, and that jobbery, corruption, and robbery preside over the municipal governments of most of our cities and large towns. To-day a man pays almost or quite as much in the form of taxes for the privilege of living in his own house in one of our cities as he did twenty years ago in rent for living in a similar one which belonged to another, and the saddest feature of this sad business is that these evils grow as time proceeds upon its onward course.—Phila. Press.

It is sad to think that these evils commenced with Republican rule, and will continue as long as that party is in place. They will not only continue, but grow infinitely worse every year.

REMEMBER,

That under Democratic administrations the expenses of the State Legislature never exceeded $175,500, whilst now, and for years past, under Republican administrations, it has never been less than from $250,000 to $150,000 annually. Is it any wonder that taxes are still heavy? Is it any wonder that a tax is levied on every ton of coal used for fuel? By this last tax, levied by a Republican Legislature, for every bite cooked by the wife of the poor man's family, a portion of this tax is taken from his earnings. Is it any wonder that the people say "It cannot be any worse, but it may be better, so let us have a change?" Yes, let us have a change from wasteful Republicanism to frugal and conservative Democracy.

DEMOCRATS, STRIKE FOR VICTORY IN PENNSYLVANIA NEXT TUESDAY!

THE latest from Indiana is that the Senate will stand Republicans 24, Democrats 23, Independents 3; and in the House, Democrats 52, Republicans 37, Independents 11. The Democratic majority in the State is now estimated at 16,000.

THE New York Sun says that the unpleasantness between the administration and General Sherman grew out of the refusal of the latter to give Fred. Grant a paying place at Washington as a member of his staff.

DEMOCRATIC MASS MEETING AT EAST BERLIN!

Col. LEVI MAISH, Capt. FRANK GEISE, W. A. DUNCAN, Esq., H. J. STAHLE and others will address a Democratic Meeting at EAST BERLIN, on SATURDAY EVENING next, Oct. 31st.

Democrats of Adams and York, turn out in your strength! OHIO and INDIANA have spoken! Now PENNSYLVANIA!

Oct. 30, 1874.

DEMOCRATIC MEETING AT COLD SPRINGS.

A Democratic Meeting will be held at the Cold Springs School-house, in Hamiltonban township, on MONDAY EVENING NEXT, Nov. 2d. Several speeches may be expected, and a full turn out is urged. Rally! Rally to the meeting!

IN a recent interview, ex-Governor Andrew G. Curtain stated it *as a matter beyond doubt* that the Democracy will carry this State on Tuesday next.

SINCE the mighty political upheavals in Ohio and Indiana, Radicalism has already shrunken to one-half its usual dimension and insolence in Pennsylvania and New York.

WM. B. MANN in a public speech claimed only 10,000 Republican majority in Philadelphia, and in private conversation put it at only 5,000. This means the election of the Democratic State ticket.

THE most encouraging reports come from New York. Tilden, it is promised, will be elected by a majority somewhere from 25,000 to 50,000. The smaller figures will do to ring the knell of Grantism.

DEMOCRATS, RALLY TO THE POLLS NEXT TUESDAY! The skies are bright! One more fire along the whole line and Radicalism will receive its quietus in Adams county and Pennsylvania.

DEMOCRATS, pay no attention to Radical bluster. To *brag* is one of their games—to *lie* another. Keep straight along in the path of duty. Work for the *whole ticket*, and the *whole ticket* will be triumphantly elected.

DEMOCRATS, have you made arrangements to get out every Democratic vote? Have you seen your tardy neighbor and urged upon him the necessity of voting? Have you talked and urged upon him the importance of a change? If not, do so without delay.

GOVERNMENT Clerks and other employees will all be home next Tuesday to vote down the taxpayers—to vote for a continuance of "big pay and little to do" at Washington, and low prices for the farmer and no work for the workingman. A vote for a Republican candidate—any one—is to that extent an endorsement of the present deplorable state of things.

UP to Saturday sixty-two hundred and forty-one names had been stricken *from the assessors' lists in the city of* Philadelphia. In the face of this evidence of preconcerted fraud honest Republicans stand abashed and dumbfounded; they have never believed it, but set it down as an invention of the defeated Democrats. The shameless scoundrels who have been kept in power by these frauds are brought to bay. Every day the court sits wipes out the majority of some legislative bummer; and the good work will be continued until the day of election.

ANY one who will examine the answer of the *Star* to our charge that money was received from the Harrisburg Ring by the Radical politicians here, will see with what evident labor the editor bestirs himself to avoid a fabrication. He deals in a "circumlocution of generalities," admitting nothing and denying nothing, well aware that to deny would be to falsify, and that those of his political friends who are attempting to corrupt the people would recognize in the denial a fabrication out of the whole cloth. We would recommend to our neighbor in all such cases the virtue of silence. That money was sent here by the Ring at Harrisburg we are now more firmly convinced than ever, and caution our friends throughout the county to be on their guard accordingly.

THE RADICAL PARTY IS RESPONSIBLE.—The panic commenced last fall. Congress has had a session since then. What relief have they given to the crippled industries? Was it not their duty to do something? Not having done what was needed, and times having gone on from bad to worse, the poor getting poorer and poorer, and work getting less and less, how can the Radical party avoid the responsibility? How can any reasonable man avoid holding them responsible? How can you, laboring men, vote for a party that, when you cry for bread, gives you a stone; when you cry with thirst, gives you gall and wormwood? When you demand relief, cry out a negro has been shot, and when you repeat and repeat your demand, and cry aloud for help, answer your necessities by conjuring up ghosts from manufactured outrages, and drown your cries with louder yells about horrible bugaboos down South! That is the argument of their campaign; that is their reply to the demands of a paralyzed country.

WE CAUTION the people against ELEVENTH-HOUR FALSEHOODS The Radical leaders are desperate, and will not hesitate to invent and circulate the most barefaced lies in regard to the Democratic candidates. *Believe them not!*

TURN-OUT TO THE ELECTION NEXT TUESDAY!

DEMOCRATS, BEWARE!

Spurious Tickets Already Out!

We were handed, the other day, a printed ticket embracing the names of all the Democratic candidates save that of James Chestnut for State Senator, *with that of E. B. Brandt, the Republican candidate, substituted.* This trick will be attempted in the interest of other Republican candidates. Democrats, BE ON YOUR GUARD at all points, but especially in reference to *SPURIOUS TICKETS!* The Radical leaders, desperate as they are, will stop at nothing. But WORK on the part of Democrats will bring out the vote, and the clean sheet placed in the ballot box will insure a clean victory. The following is the Democratic ticket. To vote this is to "be sure you are right:"

STATE.

Lieutenant Governor,
JOHN LATTA.
Auditor General,
JUSTUS F. TEMPLE.
Secretary of Internal Affairs,
WILLIAM McCANDLESS.

JUDICIARY.

Judge of the Supreme Court,
WARREN J. WOODWARD.
President Judge,
WILLIAM McCLEAN.

COUNTY.

Congress,
LEVI MAISH.
State Senator,
JAMES CHESTNUT.
Assembly,
EDMAN W. STAHLE,
DANIEL GEISELMAN.
Prothonotary,
THOMAS G. NEELY.
District Attorney,
JACOB CASSAT NEELY.
County Commissioner,
HENRY W. SCHWARTZ.
Director of the Poor,
GEORGE GUISE.
County Surveyor,
JOHN G. BRINKERHOFF.
County Auditor,
FRANKLIN H. EBERT.

THE OLD, OLD STORY.—The *Star* has up hill work. With the elections all going against its party, and no prospect of a turn in the tide, the future looks blue enough. But something must be done, and, though evidently ashamed of it, the editor reproduces, for the sixth or eighth time, his table of "county expenses." This we have exploded, by facts and figures, over and over again, and the people have invariably pronounced against the *Star* in the matter.

That county affairs have been admirably managed by Democratic boards of Commissioners, the public well know; that economy and honesty have been the guiding rule in all outlays, they know also; and that the county has, by this prudent management, been *entirely cleared of debt*, the tax-payers have reason to and do rejoice. The proud position of "Little Adams" to-day challenges the grateful recognition of every man within its borders. In view of all these pleasing facts, what bosh it is in the *Star* to parade its old worn-out statement!

—Equally unfortunate is the *Star* in regard to the Know Nothing record of its candidate for President Judge. Compelled to admit the fact of his connection with that order, the editor attempts to excuse his favorite on the ground of "youth and inexperience"! *Thiest* of the "thin!" Better no defence at all. Mr. Wills was old enough to be among the most prominent in the order; was a member of its *County Executive Committee*, and in that capacity took an active part in everything done to defeat the Democracy, his name appearing with others to an address published (in the two opposition papers, the *Star* and the *Sentinel*,) with a view to making votes for the Know Nothing ticket by a hue and cry against a particular religious denomination and against persons born on foreign soil. It is only nineteen years since all this occurred, and Judge Wills wasn't a mere youth, by any means.

THE *Star* says that William H. Deatrick, the Republican candidate for Director, "would strive to make the Poor-house as light a burden as possible." Would not George Guise, the Democratic candidate, do the same? and would he not be likely to fill the post better than his Republican opponent, by reason of his more advanced age, his larger experience in the world's affairs, and his riper and sounder judgment? The argument is all in favor of Mr. Guise, and the *Star* makes a poor use of its columns in provoking a comparison between the two.

But Mr. Deatrick was not nominated with any view to fitness for the Directorship. A very different consideration controlled those who blocked out the ticket. Nobody seemed to want the Directorship on the Republican side, the Democratic candidate being a first-class man and very popular. Deatrick, a young man and fiery, came to town on the morning of the Republican Convention furious for McConaughy for President Judge. He did not hesitate to denounce openly Wills and the faction supporting him, and with others in the same township taking the same bold stand, things looked rather ugly for Wills in Butler. A happy thought struck the leaders. The Directorship was going abegging; nobody wanted it. Wm. H. Deatrick, the sort of youth to be tickled with *any* compliment, was just the chap for the forlorn place. Being a candidate upon the ticket *would quiet him on the Judge question*, and get him to work for the whole. There would be no trouble to persuade *him* into anything after his nomination. The dodge was successful; his *nomination* furnished the *argument* which secured his support of Wills. This is the whole secret. For this purpose, and this alone, was Wm. H. Deatrick's name placed upon the Republican ticket.

Whether these considerations are to weigh against the thorough fitness of that sturdy old farmer and Democrat, George Guise, an intelligent public will decide. Good sense and public policy demand the election of the Democratic nominee.

THAT the Poor-house is well managed the *Star* people know, and yet, with the hope of making a *political* point, they assail everybody connected with the institution. Out upon such conduct!

VOTE for Thomas G. Neely. All the people know him to be thoroughly qualified to discharge the responsible duties of the Prothonotaryship. It would be risking too much to entrust that post to a comparative stranger.

Democrats,

GET OUT THE VOTE! AND WIN!

THE Republican candidate for President Judge is flooding the county with circulars made up of newspaper extracts laudatory of himself, accompanied by a private printed letter requesting his friends to hand the circulars and his slips around among *Democratic* voters. The whole affair is cool—some might say impudent.

Why does David Wills ask Democratic votes? A life-long partizan, (Know Nothing and Republican,) he has bitterly opposed the Democratic party and its candidates; and now in the hour of his need of votes he would have Democrats blot out all remembrance of his hostility to and denunciation of their party, and run to his support for Judge?

Compared with this the invitation of the spider to the fly was modest. But it will not win. His Radicalism is well understood, and the intense partizanship of the few managers here who are running the county over in his interest is not calculated to relieve him in this particular.

All the recommendations contained in the circular are from Radical papers. The "True Democrat," as it is falsely styled, of York, is radical among the most Radical. The design of these fulsome comments is well understood by a thinking public. The manner of their getting up and distribution explains it all.

From the circular one might be led to imagine that Mr. Wills had suddenly, by some magical process, been transformed into a learned oriental pundit, or a second Daniel come to judgment—an Erskine or a Blackstone. And here the query comes in, "Now in the names of all the gods at once, upon what meat doth this our Cæsar feed that he is grown so great?"

THE Democratic candidate for the State Senate in this district, Col. James Chestnut, is an upright and intelligent farmer of Cumberland county, who stands high among his neighbors and enjoys the respect and confidence of all who know him. He is in every respect trust-worthy, and should receive the votes of all who desire a change for the better in the character of legislation at Harrisburg.

So with Edman W. Stahle and Daniel Geiselman, the Democratic candidates for Assembly in this county. In them the people will find faithful servants, devoted to their interests, and performing every duty with that end in view.

THE office of District Attorney is one of great importance to our people. A man of well-balanced judgment is needed for this position. He should also be a man of quick perception and industrious habits. In addition to this, he should have the ability to present the facts of a case clearly and forcibly to a jury. And, together with these qualifications, he must, of course, be diligent in his study of the rules of the criminal law. Such a man the Democracy present in the person of J. C. Neely, Esq. Let him receive the united and earnest support of the Democracy throughout the county.

EARLY in the year it was announced that Mr. Johns had resigned the Stewardship of the Poor-house. At the time this announcement was thought to be an electioneering dodge.—*Star.*

The resignation was made and accepted in good faith, and so recorded. The *Star* people, thinking of nothing but "electioneering dodges," suppose Democrats as insincere as they are themselves.

IN Hon. William McClean the people have presented them a gentleman and a lawyer of the purest and highest character—and that they mean to elevate him to the Bench is no longer open to doubt. Work is needed to upset the plans of the Radical leaders in this weighty matter, but THE PEOPLE will do it very effectually.

REMEMBER, TUESDAY NEXT!

THE COMPILER and *Star* are published at the same time. We shall therefore not be able to answer any statements it may make to-day in regard to the Democratic ticket. A safe rule will be to put no faith in *any* of its eleventh-hour assertions.

VOTE for Henry W. Schwartz and thus continue the excellent management which has characterized county affairs by Democratic boards. Every cent carefully husbanded, and all outlays made only in the interest of the tax-payers.

RADICAL blowers seem to forget that this is a Democratic county, and attempt to operate, by *falsehood* and *trickery*, as though they thought Democrats devoid of common sense or party attachment. Democrats, now is your time to convince these designing politicians that you are not the gullible or purchasable material they take you for.

VOTE for George Guise for Director of the Poor. A better man for the place cannot be found in either party.

WHY is it that Ohio, which until recently gave a Republican majority varying from 20,000 to 100,000, is now Democratic to the core? Answer, "the country's rising" to throw off corrupt and ruinous Radicalism forever.

VOTE for John G. Brinkerhoff for County Surveyor. He has large experience as a Surveyor and is correct in all things.

DEMOCRATS will not forget that to elect a Republican to office by Democratic votes, is to make him a more active enemy of the Democratic party than he was before.

JUNIATA county is reported as good for 600 majority for Stenger. Things are looking up in that Congressional district, and a Radical defeat would not surprise us.

VOTE for Franklin H. Ebert, who is honest and capable, and will make a conscientious and correct County Auditor.

THE Radical leaders are flooding the county with the most bare-faced falsehoods in regard to Democratic candidates. All honest and fair-minded men should set their faces against this despicable mode of warfare.

ARE we to have *colored* Tip-Staves under the Civil Rights Bill?

OHIO and INDIANA have given the enemy staggering blows! Let the Democracy of Adams contribute one of their largest majorities to place Pennsylvania in the Democratic column also!

DEMOCRATS, the skies are bright! Strike for victory in the county and State!

To vote for Beales or Reily is to support Simon Cameron in his effort to secure a seat in the United States Senate for his son Don.

ELECTION, NEXT TUESDAY!

THE PEOPLE RISING!

Large and Enthusiastic Meetings at Hampton & Bonaughtown!

THE DEMOCRATIC WAVE MUST SWEEP ON!

The Democratic meeting at Hampton on Friday evening proved large beyond all expectation. The turn out from the neighborhood was very full, whilst many came six, eight and ten miles to join in the demonstration. The Conowago Martial Band played its most stirring pieces, and all present seemed aroused to a degree of enthusiasm calculated to make every Democrat's heart leap with gladness. At the proper hour the assemblage was called to order, and the following list of officers read and adopted:

President, Hon. J. J. Kuhn.

Vice Presidents, Hon. Wm. S. Hildebrand, John Ruff, Daniel S. Chronister, Dr. D. M. C. White, A. W. Storm, Esq., Edward Sheffer, Warner Townsend, Joseph Wolf, John Eckenrode, J. M. Chestnut and E. W. Stahle were also called, and responded briefly. At the close three rousing cheers were given for the whole Democratic ticket, and the meeting adjourned in the highest spirits and fullest confidence of success.

At Bonaughtown, on Saturday evening, the crowd was likewise large and the same good feeling prevailed. The Bonneauville Orchestra discoursed a number of delightful airs, whilst several two and four-horse wagons contributed a goodly number of persons and more music. The meeting organized as follows:

President, Hon. N. Heltzel.

Vice Presidents, Lewis Will, Capt. Thomas Brady, Peter Noel, Henry Bucher, Peter Nolderer, Joseph L. Shorb, Esq., J. E. Smith, Esq., Joseph L. Speeches were made by Col. Maish, Capt. Geise, Wm. A. Duncan, Esq., Hon. Isaac Hereter, H. J. Stahle and E. W. Stahle, when the meeting adjourned with loud and hearty cheers for the cause and the whole ticket, without cut or scratch.

GRAND RALLY ON MARSH CREEK!

The Democratic meeting at ex-Sheriff Bream's, on Marsh creek, on Wednesday evening, was the largest ever held there. The Democrats of Cumberland, Highland and Hamiltonban were out in force, whilst Franklin, Gettysburg and other districts contributed to swell the crowd handsomely also. A lively interest in the cause and its candidates was manifested throughout. The officers were:

President, Samuel Eicholtz, Esq.

Vice Presidents, Henry Butt, Philip Redding, Esq., ex-Sheriff Adam Rebert, George Hull, Zachariah Myers, Reuben Golden, Peter Stoner, Alfred Slonaker, William Plank, Robert Watson, Capt. C. F. Hinkel, John Eicholtz, Esq.

Secretaries, John Ogden, Jacob F. Bream, J. Upton Neely, James B. Myers, Jacob Daugherty, W. E. Myers, Henry Hull, Capt. Samuel H. Eicholtz, Lewis Houdeshell, S. S. W. Hammers, E. G. Trostle, Samuel Lentz.

Speeches were made by P. Redding, Esq., J. C. Neely, Esq., Lewis Strouse, E. W. Stahle, Thomas J. Stahle, Hon. Isaac Hereter and John Butt. The issues in the canvass were fully and fairly presented, and the remarks received with great satisfaction. Adjourned in the finest spirits, all resolved to work for victory on Tuesday next.

THE RADICALS DEMORALIZED.

Expecting Defeat in New York and New Jersey—Poor Hope for Pennsylvania—The Chances of a Democratic Congress.

WASHINGTON, October 25.—The Radical politicians here are very much demoralized by the reports they are continually receiving of the prospects in New York, New Jersey and Pennsylvania. They have hoped all along that they might be able to check the tide that set against them in Ohio and Indiana, but they are forced to admit that it is impossible. Their sole hope now is that Pennsylvania will withstand the ground swell and that the Democrats will be unable to gain more than four or five members of Congress for that State. They admit that New York is hopeless on both the State and Congressional tickets. In New Jersey Secor Robeson, who paid a flying visit to the navy department yesterday, says that the Democrats will certainly gain two members of Congress and probably three, and that the chances are that their State ticket will be carried also. Pennsylvania has been gerrymandered so that it is almost impossible for the Democrats to carry more than nine districts, though the Republicans admit that it is probable that ten out of twenty-seven districts may go Democratic.

On the other hand, the Democrats are jubilant and claim that they will have at least twenty majority in the next House of Representatives. They are willing to back their judgment with their money, which shows that they are not talking for effect. I heard one man of cool judgment and large experience offer to bet big money to-night that the Democrats would carry Wisconsin by twenty-five thousand majority and gain from three to five members of Congress. He could find no one who was willing to take the bet. De Golyer Garfield, M. C., arrived here yesterday in a very demoralized state of mind. He says that the chances are largely in favor of a Democratic House of Representatives. The same causes which operated in Indiana and Ohio will, he says, act with increased force in New York, New Jersey and Pennsylvania.—[*N. Y. Sun.*

A GENERAL practice among the Radical leaders is to report in the upper townships of the county that in the lower end their candidates will get Democratic support, and in the lower part that the upper end Democrats will do well for them. This is invented for a *cheat*, to keep up the spirits of their followers, so terribly dampened by the verdict of the recent elections. Up-hill work, as all lying work is.

THE official majority for Judge Brook, the Democratic candidate for Supreme Judge in INDIANA, is

32,364!

A FRESH remittance from the Harrisburg Ring must have been expected by the Radical leaders here within a few days. All their movements pointed in that direction. We again warn the Democracy—the whole people—against the corrupt designs of this infamous Ring and the branch it is running here.

ELECTION, NEXT TUESDAY!

For the Compiler.

ABOUT EXPENSES.

MR. STAHLE:—I am a plain man, not accustomed to writing for publication in the newspaper. I read the *Star and Sentinel* every week, and several other papers. The editor of the *Star and Sentinel* has several times published articles about expenses, but they were very unfair, and he was very careful not to say a word about the enormous expenses that our State has been put to since the Republicans have been in power, with a large majority in the Legislature. Many millions of money are wasted by that party, but the editor of the *Star and Sentinel* has no fault to find. He has a great fondness, about election time, to talk about the county expenses. Anybody who has watched the management of Adams county affairs by the County Commissioners, if he wants to be an honest man, must admit that they have managed very well. I examine the publications in other counties—some of them strong Republican counties, and I see their debt increases, whilst the Adams county debt has been paid off in full.

But since the editor of the *Star and Sentinel* has so much to say about expenses in Adams county I would like to say a word about that matter too.

Last spring the Governor appointed Mr. Wills Judge of Adams county. Now, it costs a good deal to hold a court. The Jury commissioners must be paid to draw a Jury; the Sheriff must be paid to serve the notices, or send them out; the men about the Court must be paid; the Jury must be paid too; and the expenses are very large, and *must all be paid by the tax-payers.* It makes a heavy tax. Judge Wills perhaps thought he would not have a chance to hold much Court, and may have thought he should make an impression so as to get votes at the election. *Well, he did make an impression, and we all understand it.* He called a Court in September. Only *one little case* was tried. The parties live in Cumberland county, it was stated. Nothing more was done. How much did that September court cost the county? A great deal more than was in the suit. If it were lawful the commissioners could have saved money by paying off the claim. But the new Judge was not satisfied with one extra court, so he appointed another for October. Again there was *one case* tried by the Jury. Who is responsible for all this expense? The Judge called the courts, and he should have known what for, before he put the great expense on the county for tax-payers to pay.

If the editor of the *Star and Sentinel* again prints about expenses let him tell the people how much extra expense Judge Wills put on the county by these extra Courts, and for whose benefit they were called; and he might also let the people know whether the extra Courts which cost a good many hundred dollars for the county to pay, were advised by him and a few other politicians in Gettysburg for the purpose of having the Judge on the Bench, and in that way expect to get people to vote for him. We can see when unnecessary expense is made, and whether it is for the benefit of the county, or for some candidate for Judge.

FARMER.

For the Compiler.

MR. EDITOR:—It is a sovereign right of the people to canvass and discuss the merits of candidates presented to them for their suffrages. This is my right, and I ask a little space in your columns for the purpose. A few years ago the people of Adams county, without party distinction, asked the Legislature to repeal the Law Library law, because it took annually hundreds of dollars from the county treasury to purchase books for the library. Mr. McSherry, in the Senate, and Mr. Hereter, in the House, secured the passage of the bill to repeal. William McClean favored the repeal and prepared the petition for it. David Wills opposed it; and largely through his efforts the repealing bill was vetoed by the Governor, and the prayer of the people set aside.

The onslaughts in the last *Star and Sentinel* upon Democratic candidates have set the people to talking. They are discussing a variety of matters thus thrown into the canvass, including, of course, sorely remembered Railroad stock and bond transactions.

If an unprofitable awaking has been stirred up, let the *Star* be thanked.

A VOTER.

For the Compiler.

MR. EDITOR:—The transfer of Gettysburg Railroad stock to Maltby & Co., a few years ago, *promised* grand results, but these failing, created an inquiry for an explanation. D. Wills, Esq., was in the position to explain. Stocks had been transferred by holders here without equivalent, they relying upon a pledge for the immediate extension of the road to reimburse them to some extent, directly or indirectly. But the pledge failed, and rumors filled the air that it was after all a *money* operation. Mr. Wills was expected to explain—the sufferers especially looked for it at his hands. But never a word did he condescend to give them. And as he has held from them what was their right to know, and what they desired to know, they may withhold from him what he would very much like to have now, but does not deserve, their votes.

A SUFFERER.

For the Compiler.

MR. EDITOR: I will thank you for a few lines of space. Michael Reily, now on the Republican ticket for Assembly, was an active Democrat up to about 1860. Then, of his own accord, without being driven or in any way forced, he left us and went over to his old and bitter enemies. He closed the door behind him; made his bed with them, to run the chances with them. He was intelligent enough to know the Democracy to be the party of Right, but he wouldn't stay with it. He must therefore excuse Democrats for not going over so far as to vote for him, and ought to realize that it is very bold in him to ask them, having forfeited all claim to their support by leaving the party in the hour of trial.

CONSISTENCY.

For the Compiler.

MR. EDITOR:—To be an innkeeper must be very despicable in the estimation of the editor of the *Star and Sentinel*. Government office-holders, who live out of the public purse, may perambulate every hole and corner of the county, and that paper has nothing to say; but the moment one engaged in the business of providing entertainment for man and beast leaves his door during campaign time, the *Star* hounds him, and can't speak of him only in a slurring manner, *underscoring* every allusion to him. All people cannot make a living in the same way, and because the public needs hotels and hotels need hotel-keepers, they ought to be allowed to pursue their avocation without slurs and flings, such as the *Star* indulges in. This would be no more than

FAIR PLAY.

DR. BRANDT, the Republican candidate for the State Senate, was in this place on Wednesday. If he came to make votes he failed. "Blowing" is a poor card in these parts.

For the Compiler.

MR. EDITOR:—The inquisitive nosing of the editor of the *Star* into the house-keeping at the Alms-house comes around with each recurring election. During the year he is silent on the subject, knowing full well that the affairs of the county and Alms-house are faithfully and honestly conducted. But in order to subserve the purposes of the Radical party, the hash is now re-hashed, and with an utter disregard of figures and expenses, ordinary and extraordinary, he emblazons his paper with the trite expression, "extravagance," &c.

"People who live in glass houses ought not to throw stones." Next year the annual tirade will again be published, and I dare say not one word will be said of the expenses incurred by Judge Wills in the holding of two special weeks of court in September and October, and the trial of *two* jury cases at the two courts.

The fact is patent that the people do not want any man, lawyer or farmer, Republican or Democrat, to attempt display at their expense. Life is too earnest, times are too hard and funds are too scarce in Adams county to be frittered away without an equivalent return.

X.

For the Compiler.

MR. EDITOR:—Whilst the war was on hand, Cyrus G. Beales secured an appointment as an enrolling officer. In this capacity he seemed *particularly* anxious to find all the *Democrats*, to put them in the draft. Now he is again hunting them up, and wants them all to vote for him—in return, I suppose, for his *kindness* then. Fool who, Cyrus? not the

165TH.

THE LAST DITCH.

The last desperate dodge to which Republican orators and journals are driven in this campaign is that it is necessary to continue the Republican party in power in order that Pennsylvania's industrial interests may be properly protected. What a miserable device to deceive the people! For fourteen years the Republican party has had control of the government of the United States. It has had control of the Executive chair and both Houses of Congress. For fourteen years the government of the State of Pennsylvania has been in its hands. It has had all the Governors and Legislatures. Surely, its power was unlimited in State and nation and there is no reason why the interests of Pennsylvania should not have been properly guarded, if the Republican party had the inclination and the capacity to do it.

That it has not had the capacity to do it, is shown by the present disastrous condition of affairs, which has come upon us under its absolute management. How stands Pennsylvania to-day? Throughout her borders, business of all kinds is exceedingly dull. Trade in all its branches is stagnant. Her manufactories are either closed, or running with half force, on half pay, or half time. The fires have gone out, or are going out, in her forges and furnaces. The price of her iron and iron ores have gone down. Labor is scarce and the name of the laborers who want work and cannot get it, is legion. There is no department of industry which has not felt the blight. There is no channel of trade in which the stream has not almost run dry. Day by day, managers of furnaces, forges, and manufacturing establishments of all kinds are compelled to discharge some of their workmen. Poor men in large numbers are thus deprived of the means to earn a livelihood. Want is at their door. They have no money to buy bread and meat to keep themselves and their wives and little ones from starving, or wood and coal to keep them from freezing. The cold blasts of Winter will soon be howling around them and they must seek refuge in almshouses, or beg, or freeze, or starve. Oh what mockery it is to whisper in the ears of such poor sufferers the exhortation to vote to continue in power the party which, if it has not wrought, has been powerless to avert, this ruin, on the ground that it is the only party that can take care of the industrial interests of Pennsylvania!

And whilst all this suffering exists in the State and nation, whilst panics are shaking the monetary world from centre to circumference, whilst industry and trade are paralyzed, the utmost extravagance goes on at Washington, a Republican Congress raises the salary of its members to $7500 a year and that of the President to $50,000 per annum. Ha! Ha!! Ha!!! This is protecting the industrial interests of Pennsylvania with a vengeance! It is the protection which the wolf gives to the lamb, covering and devouring it.

Business men, and laboring men of Adams county, is it possible a change can make matters worse?

WE commend the following to the *Star* people and all other defenders of the Harrisburg or Pennsylvania Ring:

FOURTEEN YEARS OF ROBBERY.—For fourteen years the people have been cursed with Radical administration in the State of Pennsylvania. During this time (estimating the revenue for the present year at $7,000,000) eighty-five millions of dollars have been paid into the State treasury. What have we to show for it? The Sinking Fund is nearly $2,000,000 poorer than it was when the State was delivered over in 1861 a prey to spendthrifts. The public debt has been reduced thirteen millions of dollars. Twenty-six millions have been paid for interest. Forty-six millions of dollars, over three millions per year, have been expended to carry on the State government. In every one of the fourteen years of Radical rule the expenses of the State have been three-fold what they were in 1860, in the year 1874 they are like to be four-fold.

The last three years of Democratic administration in Pennsylvania were years of commercial and industrial depression. Commencing in 1857, with its disastrous experiences, and ending in 1860, collecting less than one-half the yearly taxes now collected, it yet met with promptness all ordinary liabilities, including the expenses of government and the interest on the public debt, and it paid off $2,236,832.15 of the public debt.

As our finances are now managed the whole revenue collected from the people yearly from 1857 to 1860 would not suffice to pay the annual expense of Republican administration, without paying a cent toward the interest or principal of the public debt.

All these facts are verified by official figures, undenied and unquestioned by Republican newspapers, officials or orators. They cannot be successfully impugned. They are abstracts of public records and authentic history.—*Harrisburg Patriot.*

THE election of a solitary Radical candidate in this county would cause the leaders to set up a tremendous shout over it as a victory for their sinking party. This thought should be ever present to all who feel any interest in the Democratic cause.

DEMOCRATIC prospects are very bright throughout the whole State, but especially so in the northern and western portions.

A COLORED man named J. H. Montgomery has announced himself an independent Republican candidate for Congress in the Frederick district.

ANOTHER VICTORY!—The Democrats elected all the Councilmen in Baltimore on Wednesday. Democratic majority 9,757!

SEE advertisement of sale of the farm of J. G. Weikert, deceased, in Highland township, to take place on Saturday, Nov. 7. It is a desirable farm, the fruit Orchards having none better in the county.

FELL FROM A TREE.—Mr. David Miller, of Berwick township, a few days ago, fell from a chestnut tree, a distance of about forty feet, and broke several ribs. Dr. Smith, of New Oxford, is attending him.

ON the 16th inst., the valuable farm of Jacob Ritner, deceased, situated in South Middleton township, Cumberland county was sold at public sale, to Mr. Samuel Wolf, for $62 per acre. The farm contains 111 acres, and was purchased by Mr. Ritner about ten years ago at $111 per acre.

ACCIDENT.—Edward Graft, aged about 20 years, of New Oxford, whilst out gunning, one day last week, received a bad gash in the cheek and had one ear nearly severed from his head by the accidental discharge of his gun. Dr. Wm. J. McClure was called in and dressed the wound.

CONCERT.—Prof. Clay and wife, assisted by Prof. Barker, of New York, Prof. Chapman, of Baltimore, and other musical talent will give a Grand Concert in Agricultural Hall, this (Friday) evening. The entertainment will prove a rich treat in its way, and we bespeak a full house. All who go will come away pleased.

THE next meeting of the Adams County Teachers' Institute will be held in this place, commencing Monday, December 7th, and continuing five days. Distinguished educators and lecturers have been secured for the occasion, among others Professor Shoemaker, of Philadelphia, as Elocutionist. Full programme will be announced in due season.

THE ejectment case tried at Carlisle last week, resulted in a recovery for the heirs of Elizabeth, wife of George Ege, deceased, of a large tract of timber and ore lands lying between Hunter's Run and Laurel. Several valuable ore banks have been opened and successfully operated on this tract. The property is valued at $100,000.

LEG BROKEN.—Mr. William H. Aughinbaugh, printer, of this place, had the bad luck to break his left leg on Friday evening. Whilst at Rosensteel & Fahrman's meat store, on Carlisle street, and engaged in a playful tussle with a friend, he tripped and fell backward, fracturing the limb between the ankle and knee. He was taken to his home, where Dr. Bott reduced the fracture.

ANOTHER.—Mr. Levi F. Weaver, of this place, was brought home from Baltimore yesterday, and taken to his residence in a hack, having been so unfortunate as to break his left leg between the knee and ankle. It seems that he was running to head off a refractory cow at the Drove Yard, when he stepped on a rolling stone, and falling, broke his leg, as stated. The fracture was set in Baltimore, and he is now doing quite well.

FIRES.—On Thursday morning of last week, the dwelling house of Michael Walters, in North Codorus township, York county, was destroyed by fire, originating from a stove pipe becoming very hot. On Monday morning the dwelling house of Amos Leshey, in the neighboring township of Heidelberg, was also destroyed, and from the same cause. Nearly all their contents were consumed with both.

THE recent Forty Hours' Devotions in St. Francis Xavier's church, this place, were largely attended and impressive throughout. The pastor, Rev. J. A. Boll, was assisted by Rev. Dr. McCaffrey and Rev. John O'Brien, of Mt. St. Mary's College. Dr. McCaffrey preached on Sunday evening, taking faith and works for his theme, and Rev. O'Brien the evening following on the presence of Christ in the Eucharist. Both were familiar with their subjects, and presented their views with clearness and force.

THE Presbyterian church at Hunterstown which, for some weeks, has been closed for repairs, will be opened for service on the first Sabbath of November, at which time the Sacrament of the Lord's Supper will be administered. Preparatory services will be held on Friday, Oct 30th, at 2 P. M., also on Saturday at 10½ A. M. Services on Sabbath will commence at 10 o'clock. Rev. Dr. Watson, who was for twenty-one years pastor of this church, will be present and preach on Saturday and Sabbath.

A STRING of twelve Black Bass, drawing twelve pounds, (the largest two and a half,) was seen in this place last Saturday, and, of course, universally admired. The editor of this paper was the happy recipient of "the same," his friend, Mr. M. N. Rohback, the enterprising and clever grocer on West Patrick street, near the City Hotel, in Frederick, Md., being the donor. They were caught in the Potomac the day before, and landed here in excellent condition, the Express man declaring that he saw them "kick." A better fish than the Black Bass we could not wish, and the lot under notice proved as fine as any we ever tasted. Mr. Rohback has large thanks for his generous present.

PROPERTY SALES.—Mr. Christian Pauley has purchased a property from Mr. George Beser, in Mountpleasant township, at $1,200; Mr. John Lutz a small farm from Mr. Abraham Rudisill, in same township, at $2,400; and Mr. John Ortner a farm from Mr. Alexander Shorb, same township, at $3,000.

Mr. John Trostle has sold to Mr. John W. Weigle 60 acres of land, with improvements, in Cumberland township, for $3,000.

On Saturday, Mr. John W. Kline, as Executor, sold the property of John George Kline, deceased, in Menallen township, to William Thomas Wenk, at $725.

Mr. Martin Heltzel has sold a town property in New Oxford to Mr. Thomas D. Smith, for $600.

Mr. Charles Crosta has sold a corner house, at the south-east corner of the Diamond, in the same place, to Mr. P. Noel, for $2,400.

THERE are more than ten thousand people in the United States who expect to be the happy possessors of the first grand prize in the Kentucky Gift Concert of $250,000. All of them but one will be disappointed. One will get it, for Gov. Bramlette, the manager, at Louisville, has announced that the Concert will positively take place on November 30th, 1874. And if our readers want to know more of it, write to him. It

THE Reformed Synod of the Potomac, meeting in second annual session at Hanover, adjourned on Monday evening—to meet at Winchester, Va., October 20th, 1875. The opening sermon was preached by Rev. Edmund R. Eshbach, of Frederick, Md., the President of the previous Synod, after which officers were elected, as follows: President, Rev. S. N. Callender, D. D., of Mount Crawford, Va.; Rev. J. W. Santee, of Washington county, Md., Corresponding Secretary; and Elder Louis Markel, of Frederick, Treasurer The Stated Clerk, Rev. W. M. Deatrick, of Bedford county, Pa., is a permanent officer of the Synod.

The following resolution was unanimously adopted, with a request that the pastor, Rev. Dr. Zieber, read it from his pulpit:

Resolved, That the most cordial thanks of this Synod are hereby tendered to the pastor and members of the Reformed Church at Hanover, Pa., for the very liberal hospitality and entertainment extended to us during our present annual session and sojourn among them.

ANNIVERSARY OF THE ADAMS COUNTY BIBLE SOCIETY.—The Adams County Bible Society, which was organized at Gettysburg one year ago, has just held its first anniversary at Fairfield. At 2½ o'clock Tuesday afternoon, the President, Rev. J. W. Lake opened the meeting and the delegates from the different societies, auxiliary to the County Society, were announced. Although a number of the local or auxiliary societies were not represented, there were full delegations from Gettysburg and Fairfield.

Reports were presented by Mr. Jno. R. Hersh, of New Oxford, Mr. J. C. Neely, of Fairfield, Mr. J. Zimmerman, of the Institutions at Gettysburg, and Rev. J. W. Lake, of New Chester, on the transactions of their several societies for the past year.

A committee to nominate officers for the ensuing year reported the following, who were elected:

Treasurer and Depository.—Mr. J. L. Schick.

Executive Committee.—J. B. Baughman, J. F. Felty, Samuel Wolf, Rev. Mr. Jamieson, Jno. Burkholder, Jno. R. Hersh, G. W. Wertz, Rev. M. J. Alleman, J. B. Hoffman, J. L. Schick, ex-officio, and L. H. Croll, ex officio.

The Society renewed its call upon all the organizations in the Bible interest, within the county, to co-operate with the County Society.

An evening session was held in the same place, opened with religious exercises.

Rev. Mr. Jamieson, of Gettysburg, delivered an eloquent address on "Truth—its Strength and Final Triumph."

Topics of discussion were presented by a Committee, and short stirring addresses made by Rev. Dr. Hay, and Messrs. Beard, Witt, Zimmerman and Rev. Lake. After a vote of thanks to the people of Fairfield for their hospitality, and a selection of New Oxford as the place for the next anniversary, on the last Tuesday of next October, the society adjourned.

H. L. CROLL, Secretary.

A MAN IN RUINS.—One of the saddest spectacles in the world is a human being shattered and broken down by the use of ardent spirits. But the damage may be repaired, the ruin restored to perfect soundness, by a course of that most powerful of all invigorants, DR. WALKER'S VINEGAR BITTERS. Beware of those "tonics" of which rum is an element. They aggravate disease and promote decay. 4w

HAVE you purchased a ticket in the Texas Gift Concert Association? If not, do so at once before it is too late. Call on the local agent in this place, who will furnish you with full information. $50,000 is worth trying for and either of the other Gifts would certainly be acceptable. It

WE have often wondered whether there is a person in the country who does not know and appreciate the value of Johnson's Anodyne Liniment as a family medicine? It is adapted to most all purposes, and is the best pain destroyer that can be used.

Farmers and stock raisers have frequently told us that they have seen very good results from giving Sheridan's Cavalry Condition Powders to cows and swine before and after they drop their young. The powders put them in good condition, and give them strength to care and provide for sucklings.

A LETTER received from a Philadelphia Republican says his party in that city is greatly dispirited. Besides the crushing effect of the western elections, the courts are engaged in revising the registration lists, and thousands of names, falsely entered, are being stricken therefrom.

The remedy provided in the new election law for Philadelphia, it is thus seen, promises to work well, and as the rascalities in that city have been the bar to Democratic success in the State, why may we not count upon victory on Tuesday week?

Stay-at-home Democrats have too often excused themselves under the plea that there was no use in voting—that the Republicans would cheat us out of the election anyhow. The prospect is, that a better day is coming for Philadelphia, and it will not do for Democrats of Pennsylvania to longer say "there is no use." Let us make a vigorous effort—all together—every Democrat in line—and no stragglers! Remember that the eyes of the country are upon us—Ohio, Indiana, Connecticut, Arkansas, Georgia, North Carolina, Oregon and all the States redeemed from the hands of the spoilers, are anxiously awaiting the time when we, the Old Keystone State, shall join their victorious column.

WHEN the books are posted to October 13, it will be found that in the elections held up to that date this year 10 States have been carried by the Democrats and 4 by the Republicans. Of the 10 Democratic States, 7 were carried by Grant in 1872. In the 3 States which were carried by the Democrats in 1872 there are heavy Democratic gains. In the four States carried by the Republicans, their losses are large, compared with 1872. Thus, the Democrats have gained in every one of the 14 States which have voted this year. What does this mean but that the drift is all one way; that the revolution is making irresistible progress; that the people have risen in their might for the destruction of the most corrupt and unpatriotic political party that has ever cursed the earth? If the Democrats have gained steadily in every State election held thus far this year, is it not reasonable to suppose, since the revolution has been gathering force all the time, that the gains will continue to the end of the year, and that November will record even more brilliant Democratic victories than those celebrated by October and the months that have passed? Let us all turn out too and speed the auspicious moment when the country shall be disenthralled.

A FEW evenings ago William B. Mann told a negro audience in Philadelphia that he "hoped the Civil Rights Bill would be passed and that it might be his privilege to try the first case of its infraction." No doubt Mr. Mann would take great delight in prosecuting a refractory hotel keeper who should render himself liable to the penalties of the act, but he forgets that all suits under it are to be tried in the United States Courts. When the Pennsylvania Legislature passes an act similar to that which is before Congress, he will have his coveted opportunity. Those who wish to hasten it will vote for Eli B. Brandt, Cyrus G. Beales and Michael Reily—and those who do not desire such an infamous measure passed will vote for James Chestnut, Edman W. Stahle and Daniel Geiselman.

THE Jackson Democratic Association of the District of Columbia has issued a congratulatory address to the Democracy and the friends of constitutional liberty throughout the United States, in which they say:

We congratulate you on the late great achievements of the Democracy in the States of Ohio, West Virginia, Indiana, and Arkansas, and on the result of their late elections, which we sincerely believe is a forerunner of returning peace and prosperity, when the Democratic party will again be called upon by the people to administer the Government and bring it back to the landmarks where Jefferson left it.

THE most monstrous provision of the Civil Rights Bill is that *which gives the negro a bribe of five-hundred dollars to prosecute, fine and imprison the white man.*

Men of Adams, to vote for Radical candidates is to support this infamous measure! Will you do it?

EVERY VOTE!

Every Democratic voter must be brought to the polls on Tuesday next. Many a disgusted Republican will vote with us—and a full Democratic poll will carry the State certain.

THE Democratic tide is everywhere rising because the Republican party has been steadily compelling all the decent citizens of the United States for years past to see that there is no possibility of filling the offices of this country with good men until the Republican party has been thoroughly and finally driven from power. What absurdity it is to talk of opposing the election of the rogues and plunderers, who are strong enough to compel the Republican party to keep them in its van, in any other way than by voting for the Democratic ticket! When two men ride on a horse, we are told, one must ride behind. When two political parties are in the field one must win. There are two political parties, and only two political parties powerful enough to deserve the name of political parties, in the field in this country and in this State. One of the two must win. If the people of the United States like to have rogues and plunderers in power they will help the Republican party to win. If they like to have rogues and plunderers put out of power they will help the Democratic party to win. The Republican wire-pullers by their attitude have shown the most insolent confidence that the people of this country either like to have rogues and plunderers in power or are entirely willing to have rogues and plunderers in power. The people of OHIO and of INDIANA, of GEORGIA and of ARKANSAS, have given the lie to this insolent confidence in the only way in which the lie can effectually be given to it, by helping the Democratic party to win. There is the whole story.—*World.*

IF you paid tax last year you can vote.

DEMOCRATS!

DON'T FORGET THE ELECTION NEXT TUESDAY.

A FULL VOTE will secure victory.

THE official Democratic majority in OHIO is

17,202!

$1500 AND ONE YEAR'S IMPRISONMENT.—Let the keepers of hotels stop and think before they cast their votes next Tuesday. The Civil Rights bill prohibits any discrimination in the reception and treatment of guests in public inns, on account of race or color. It gives the negro, against whom any such discrimination is attempted, the right to recover the sum of five hundred dollars from the inn-keeper for every such offence. But it does not stop here. It provides further that the negro may indict the inn-keeper in the Court of Quarter Sessions for every such offence. He may go upon the witness stand and swear his case through and, when convicted, the landlord may be fined to the extent of one thousand dollars and imprisoned for the period of one year. Thus the refusal of the best room in the house to a colored man because of the fact that he is a colored man, may cost the hotel keeper fifteen hundred dollars and cause him to undergo imprisonment for one year. The man who votes for a Republican candidate for Congress, or for a Republican candidate for the Senate or House at Harrisburg, votes to subject every keeper of a public house to this monstrous penalty.

To elect a Republican to office in a Democratic county is to make him more active than ever against us. Fellow Democrats, does it pay to cut your ticket and then have regrets about it?

THE Democratic ticket is made up of respectable gentlemen, from top to bottom. But this will not save them from Radical abuse. The good common sense of the people is invoked, to refute and render futile all the attempts of a desperate opposition to injure them.

LEAVE "cutting" to those who are tired of their party. Democrats have reason to rejoice at the prospects of the "good old cause," and should not think of scratching any one of its friends.

ELECTION, NEXT TUESDAY!

DEMOCRATS, go to the polls early—stay all day—and save and make every vote possible. This is the way to win a brilliant victory.

THE Republican party has met at last its Waterloo. The Democratic party which was "dead," is alive again, with all its armor on; and it is even doubtful now if its mushroom antagonist will live to survive the Presidential election of 1876.

DR. J. C. AYER, of Cherry Pectoral fame, has received the Republican nomination in the 7th Congressional district of Massachusetts. Of course we always desire the election of Democrats, and so urge; but if the 7th must have a Republican, and its usually large majority points that way now, we should prefer the Dr. to any other gentleman that party could bring forward. Indeed we are not without hope that he may yet see the error of his ways, politically.

Fifteenth Amendment.

WHEREAS, The Congress of the United States on the [illegible] day of March, 1870, passed an Act entitled "An Act to enforce the right of citizens of the United States to vote in the several States of this Union, and for other purposes," the first and second sections of which are as follows:

"SECTION 1. Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all citizens of the United States, who are, or shall be otherwise qualified by law to vote at any election by the people in any State, Territory, district, county, city, parish, township, school district, municipality or other territorial subdivision, shall be entitled and allowed to vote at all such elections without distinction of race, color, or previous condition of servitude; any constitution, law, custom, usage, or regulation of any State or Territory, or by, or under its authority, to the contrary notwithstanding.

"SECTION 2. And be it further enacted, That by or under the authority of the constitution or laws of any State, or the laws of any Territory, any act is or shall be required to be done as a prerequisite or qualification for voting, and by such constitution or laws persons or officers are or shall be charged with the performance of duties in furnishing to citizens an opportunity to perform such prerequisite, or to become qualified to vote, it shall be the duty of every such person and officer to give to all citizens of the United States the same and equal opportunity to perform such prerequisite, and to become qualified to vote without distinction of race, color, or previous condition of servitude; and if any such person or officer shall refuse or knowingly omit to give full effect to this section, he shall, for every such offence, forfeit and pay the sum of five hundred dollars to the person aggrieved thereby, to be recovered by an action on the case, with full costs and such allowance for counsel fees as the court shall deem just, and shall also, for every such offence, be deemed guilty of a misdemeanor, and shall, on conviction thereof, be fined not less than five hundred dollars, or be imprisoned not less than one month and not more than one year, or both, at the discretion of the court."

Special attention is directed to the 8th Article of the New Constitution.

SECTION 1. Every male citizen twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections:

First.—He shall have been a citizen of the United States at least one month.

Second.—He shall have resided in the State one year, (or if, having previously been a qualified elector or native born citizen of the State, he shall have removed therefrom and returned, then six months,) immediately preceding the election.

Third.—He shall have resided in the election district where he shall offer to vote at least two months immediately preceding the election.

Fourth.—If twenty-two years of age or upwards, he shall have paid within two years a State or county tax, which shall have been assessed at least two months and paid at least one month before the election.

SECTION 7. All laws regulating the holding of elections by the citizens or for the registration of electors shall be uniform throughout the State, but no elector shall be deprived of the privilege of voting by reason of his name not being registered.

SECTION 8. Any person who shall give, or promise or offer to give, to an elector, any money, reward or other valuable consideration for his vote at an election, or for withholding the same, or who shall give or promise to give such consideration to any other person or party for such elector's vote or for the withholding thereof, and any elector who shall receive or agree to receive, for himself or for another, any money, reward or other valuable consideration for his vote at an election, or for withholding the same, shall thereby forfeit the right to vote at such election, and any elector whose right to vote shall be challenged for such cause before the election officers, shall be required to swear or affirm that the matter of the challenge is untrue before his vote shall be received.

SEC. 9. Any person who shall, while a candidate for office, be guilty of bribery, fraud or wilful violation of any election law, shall be forever disqualified from holding an office of trust or profit in this Commonwealth; and any person convicted of wilful violation of the election laws shall, in addition to any penalties provided by law, be deprived of the right of suffrage absolutely for a term of four years.

SEC. 13. For the purpose of voting no person shall be deemed to have gained a residence by reason of his presence, or lost it by reason of his absence, while employed in the service, either civil or military, of this State or of the United States, nor while engaged in the navigation of the waters of the State or the United States, or on the high seas, nor while a student of any institution of learning, nor while kept in any poor-house or other asylum at public expense, nor while confined in public prison.

SEC. 15. No person shall be qualified to serve as an election officer who shall hold, or shall within two months have held, any office, or appointment or employment in or under the government of the United States or of this State, or of any city or county, or of any municipal board, commission or trust in any city, save only justices of the peace and aldermen, notaries public and persons in the militia service of the State; nor shall any election officer be eligible to any civil office to be filled at an election at which he shall serve, save only to such subordinate municipal or local offices as shall be designated by general law.

And also to the following acts of Assembly now in force in this State, viz:

Act of June 30th, 1874.—SEC. 5. At all elections hereafter held under the laws of this commonwealth, the polls shall be opened at seven o'clock a. m., and closed at seven o'clock, p. m.

SEC. 7. Whenever there shall be a vacancy in an election board on the morning of an election, said vacancy shall be filled in conformity with existing laws.

SEC. 8. At the opening of the polls at all elections it shall be the duty of the judges of election for their respective districts to designate one of the inspectors, whose duty it shall be to have in custody the registry of voters, and to make the entries therein required by law; and it shall be the duty of the other of said inspectors to receive and number the ballots presented at said election.

SEC. 9. All elections by the citizens shall be by ballot; every ballot voted shall be numbered in the order in which it shall be received, and the number recorded by the clerks on the list of voters opposite the name of the elector from whom received. And any voter voting two or more tickets, the several tickets so voted shall each be numbered with the number corresponding with the number to the name of the voter. Any elector may write his name upon his ticket, or cause the same to be written thereon, and attested by a citizen of the district. In addition to the oath now prescribed by law to be taken and subscribed by election officers, they shall severally be sworn or affirmed not to disclose how any elector shall have voted, unless required to do so as witnesses in a judicial proceeding. All judges, inspectors, clerks, and overseers of any election held under this act, shall, before entering upon their duties, be duly sworn or affirmed in the presence of each other. The judges shall be sworn by the minority inspector, if there shall be such minority inspector, and in case there be no minority inspector, then by a justice of the peace or alderman, and the inspectors, overseers and clerks shall be sworn by the judge. Certificates of such swearing or affirming shall be duly made out and signed by the officers so sworn, and attested by the officer who administered the oath. If any judge or minority inspector refuses or fails to swear the officers of election in the manner required by this act, or if any officer of election shall act without being first duly sworn, or if any officer of election shall sign the form of oath without being duly sworn, or if any judge or minority inspector shall certify that any officer was sworn when he was not, it shall be deemed a misdemeanor, and upon conviction, the officer or officers so offending shall be fined not exceeding one thousand dollars, or imprisoned not exceeding one year, or both, in the discretion of the court.

SEC. 10. On the day of election any person whose name shall not appear on the registry of voters, and who claims the right to vote at said election, shall produce at least one qualified voter of the district as a witness to the residence of the claimant in the district in which he claims to be a voter, for the period of at least two months immediately preceding said election, which witness shall be sworn or affirmed and subscribe a written or partly written and partly printed affidavit to the facts stated by him, which affidavit shall define clearly where the residence is of the person so claiming to be a voter; and the person so claiming the right to vote shall also take and subscribe a written or partly written and partly printed affidavit, stating, to the best of his knowledge and belief, when and where he was born; that he has been a citizen of the United States for one month, and of the commonwealth of Pennsylvania; that he has resided in the commonwealth one year, or, if formerly a qualified elector or a native born citizen thereof, and has removed therefrom and returned, that he has resided therein six months next preceding said election; that he has resided in the district in which he claims to be a voter for the period of at least two months immediately preceding said election; that he has not moved into the district for the purpose of voting therein; that he has, if twenty-two years of age or upwards, paid a state or county tax within two years, which was assessed at least two months and paid at least one month before the election. The said affidavit shall also state when and where the tax claimed to be paid by the affiant was assessed, and when and where and to whom paid; and the tax receipt therefor shall be produced for examination, unless the affiant shall state in his affidavit that it has been lost or destroyed, or that he never received any; and if a naturalized citizen, shall also state when, where and by what court he was naturalized, and shall also produce his certificate of naturalization for examination. But if the person so claiming the right to vote shall take and subscribe an affidavit that he is a native born citizen of the United States, or, if born elsewhere, shall state the fact in his affidavit, and shall produce evidence that he has been naturalized or that he is entitled to citizenship by reason of his father's naturalization, and shall further state in his affidavit, that he is, at the time of making the affidavit, of the age of twenty-one and under twenty-two years; [illegible]

[illegible] this act, present and able to act, then, and in every such case, the register of wills, the sheriff and the county commissioners of the proper county shall be and constitute a board who, or a majority of whom, shall have and exercise all the powers and perform all the duties vested in, or required to be performed by the court of common pleas of such county, by and under the provisions of this section; but neither the said officers shall act as a member of such board when himself a candidate for any office at the election, the returns of which the said board is required to count under the provisions of this section. The returns required by this act to be presented by the prothonotary of the courts of common pleas of the counties of Philadelphia and Allegheny, respectively, shall be presented to such three or more of the judges, of the several courts of common pleas of said counties, respectively, as the judges of said courts, or a majority of them, may designate to perform the duty of receiving, computing and certifying said returns. When two or more counties are connected for the election of any officer, the courts of such counties shall each appoint a return judge to meet at such time and place, as required by law, to compute and certify the vote of such district. All officers provided for by this act shall be compensated as like officers are paid by existing laws. Whenever a place has been or shall be provided by the authorities of any city, county, township, or borough, for the safe keeping of the ballot-boxes, the judge and minority inspector shall, after the election shall be finished, and the ballot-box or boxes containing the tickets, list of voters and other papers, having been securely bound with tape and sealed, and the signatures of the judge and inspectors affixed thereto, forthwith deliver the same, together with the remaining boxes, to the mayor and recorder of such city, or in counties, townships or boroughs, to such person or persons as the court of common pleas of the proper county may designate, at the place provided, as aforesaid, who shall then deposit the said boxes and keep the same to answer the call of any court or tribunal authorized to try the merits of such election. Whenever the election officers of any election district shall require the election boxes of such district, to hold any election which, by law, they are or shall be required to hold, they shall keep the same securely in their possession without opening, until the morning of such election, and until they shall severally be sworn or affirmed not to disclose how any elector shall have voted, and after being so sworn or affirmed, they shall open the said boxes and burn and totally destroy all the ballots and other papers which they shall find therein, before proceeding to hold such election.

SEC. 19. Any assessor, election officer or person appointed as an overseer, who shall neglect or refuse to perform any duty enjoined by this act, without reasonable or legal cause, shall be subject to a penalty of one hundred dollars; and if any assessor shall knowingly assess any person as a voter who is not qualified, or shall wilfully refuse to assess any one who is qualified, he shall be guilty of a misdemeanor in office and on conviction be punished by a fine not exceeding two years, or both, at the discretion of the court, and also be subject to an action for damages by the party aggrieved; and if any person shall fraudulently alter, add to, deface or destroy any list of voters made out as directed by this act, or tear down or remove the same from the place where it has been fixed, with fraudulent or mischievous intent, or for any improper purpose, the person so offending shall be guilty of a misdemeanor, and on conviction shall be punished by a fine not exceeding five hundred dollars, or imprisonment not exceeding two years, or both, at the discretion of the court, and if any person shall, by violence or intimidation, drive, or attempt to drive from the polls, any person or persons appointed by the court to act as overseers of an election, or in any way wilfully prevent said overseers from performing the duties enjoined upon them by this act, such person shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one thousand dollars, or by imprisonment not exceeding two years, or both, at the discretion of the court. Any person who shall, on the day of any election, visit a polling place in any election district at which he is not entitled to vote, and shall use any intimidation or violence for the purpose of preventing any officer of election from performing the duties required of him by law, or for the purpose of preventing any qualified voter of such district exercising his right to vote, or from exercising his right to challenge any person offering to vote, such person shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one thousand dollars, or by imprisonment not exceeding two years, or both, at the discretion of the court. Any clerk, overseer or election officer, who shall disclose how any elector shall have voted, unless required to do so as a witness in a judicial proceeding, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one thousand dollars, or by imprisonment not exceeding two years, or both, in the discretion of the court.

"If any person shall prevent or attempt to prevent any officer of an election under this act from holding such election, or use or threaten any violence to any such officer, and shall interrupt or improperly interfere with him in the execution of his duty, shall block up or attempt to block up the window or any avenue to any window where the same may be holden, or shall riotously disturb the peace of such election, or shall use or practice intimidation, threats, force or violence, with the design to influence unduly or overawe any elector, or prevent him from voting, or to restrain the freedom of choice, such persons on conviction shall be fined in any sum not exceeding five hundred dollars, to be imprisoned for any time not less than one nor more than twelve months, and if it shall be shown to the court where the trial of such offence shall be had, that the person so offending was not a resident of the city, ward or district where the said offence was committed, and not entitled to vote therein, on conviction, he shall be sentenced to pay a fine not less than one hundred or more than one thousand dollars, and be imprisoned not less than six months nor more than two years.

"If any person or persons shall make any bet or wager upon the result of an election within the Commonwealth, or shall offer to make any such bet or wager, either by verbal proclamation thereof or by any written or printed advertisement, or invite any person or persons to make such bet or wager, upon conviction thereof he or they shall forfeit and pay three times the amount so bet or offered to be bet."

FARM AND GARDEN.

WHOLE CORN FOR FATTENING.

A Rhode Island correspondent of the Boston *Journal* says that the reason Rhode Island turkeys are worth three cents per pound more in market than any others is because these turkeys are fattened, especially in the south part of that State, on hard Indian corn instead of meal, barley, oats, or other kinds of food, and because they are picked without being scalded in hot water, and their inwards removed immediately. There is almost as much difference in the bird prepared in this way and one that is fed otherwise and dipped into hot water (to save two minutes labor in picking,) and then left a week with its inwards undrawn, as is the case with most that are brought to the New York, Philadelphia and other markets, as there is between a woodcock and a cow.

So, too, if a hog be fed solely on hard corn and water, its meat will be far superior to that fattened on meal or soft food as real pure Orange county is to distillery or swill milk. Why are Cincinnati hams so celebrated? Is their superiority owing to the method of curing them solely? By no means, but more to the quality of the flesh, which is made entirely from the juices of sweet, hard wild nuts and underground Indian corn.

Take a turkey that has a free, wild range, where grasshoppers are plenty in their season; feed it well with Indian corn and sweet apples only (if the latter are handy) until December; shut it away from food for twenty-four hours, then (handling the sacred thing tenderly) tie a stout cord around its legs and hang to a spike in the beam under your barn; let one artist hold its wings firmly in each hand, while another gently bleeds it at the throat; pick it dry while warm; draw its inwards ditto; let it hang in a cool place for two nights only; roast it before a bright, hot wood fire, turning the spit open to keep the juices from congesting on the surface or elsewhere; set it on the table garnished as your "fancy or nature will," with woodcock, canvasbacks, rail and ortolan, and if you once get a taste of that turkey you will let every other delicacy before you go to the dogs rather than desecrate your palates with trash so inferior to that king of all game, a corn-fed, dry dressed, well-cooked turkey.

So, too, take a twelve-months' old barrow, place him in a roomy, sunny pen, keep him wholly on hard corn and pure water, with occasionally a little salt, until he is fat; kill and dress him nicely, and salt the chines down with plenty of Turk's Island salt within thirty-six hours of his exit, and you will have pork to eat with your capon that is firm, transparent, rosy, sweet and delicate. So again, take the hams of such a hog, cure them well with blown salt and saltpetre, smoke them with clean fresh corn-cobs and nothing else (letting them cool off nights) until they attain the complexion of a hazelnut, or one of Titian's most characteristic portraits a trifle subdued. Then boil it slowly, and when thoroughly done let it stand a night in the liquor, and you will have the only "thing of beauty" that is worthy to be eaten off the same plate with your turkey, and equal to the best Westphalia, North Carolina, Newbold or Cincinnati bacon.

EFFECTS OF COLD IN FATTENING.—A producer of pork in Muskingum county, Ohio, who has made an experiment with hogs, with a view to ascertain how far cold retards the rate of fattening, reports the follow results: Carefully weighing the hogs fed, and the corn fed to them, and estimating pork at four cents per pound, he found that what he fed out during the first week in October, returned (in pork) [illegible] cents per bushel; the first week in November sixty cents; the third week forty cents; the fourth week in November and the month of December, twenty-five cents; the last half naught. In the October week of the experiment the weather was pleasant and warm. *It gradually grew* colder till the latter part of November, from which time it remained about stationary till the 1st of January, after which it ran down to zero, and below in the latter part of the month. The hogs were well sheltered in a good pen with plank floor.

THE HOUSEKEEPER.

RISING BREAD.—Here is a recipe for making bread which answers a question asked not long since by a correspondent of the *Rural New Yorker*:

Put three teacups of water, as warm as you can bear your fingers in, in a two-quart cup or bowl, and three-fourths of a teaspoonful of salt; stir in flour enough to make quite a stiff batter; this is for the rising, or emptyings, as some call it. Set the bowl, closely covered, in a kettle, in warm water, as "warm as you can bear your finger in," and keep it as near this temperature as possible. Notice the time when you "set" your rising; in three hours stir in two tablespoonfuls of flour, put it back, and in five and one-half hours from the time of setting, it will be within one inch of the top of your bowl. It is then light enough, and will make up eight quarts of flour; make a sponge in the centre of your flour with one quart of water of the same temperature as rising, stir the rising into it, cover over with a little dry flour, and put it where it will keep very warm, and not scald; in three-fourths of an hour mix this into stiff dough; if water is used be sure it is very warm, and do not work as much as yeast bread; make the loaves a little larger and keep it warm for another three-quarters of an hour; it will be then ready to bake. While rising this last time have your oven heating; it needs a hotter oven than yeast bread. If these rules are followed, you will have bread as white as snow, with a light brown crust, deliciously sweet and tender.

BREAKFAST PUFFS.—Take two eggs well beaten and stir into a pint of milk, a little salt, a piece of butter and a pint and a half of flour. Beat the eggs and stir the milk. Add the salt, melt the butter, and stir in. Then pour all into the flour, so as not to have it lumpy. Stir up thoroughly, and grease the cups into which the batter is poured, filling them two-thirds full. Eat with sauce.

"LONDON SOCIETY" truthfully says: "It must not be imagined that good cooking requires increased expenditure. On the contrary, a really good cook is far more economical than a bad one. The cook who is perpetually wanting sauces to season her dishes, is not worth the salt she uses. The good cook, moreover, knows how to make the most of everything, while the bad cook is excessively wasteful of the best material.

VINEGAR BITTERS

Purely Vegetable.

FREE FROM ALCOHOL

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of Vinegar Bitters in healing the sick of every disease man is heir to. They are a gentle Purgative as well as tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

Dr. Walker's California Vinegar Bitters act on all these cases in a similar manner. By purifying the blood they remove the cause, and by resolving away the effects of the inflammation (the tubercular deposits) the affected parts receive health, and a permanent cure is effected.

If men will enjoy good health, let them use Vinegar Bitters as a medicine, and avoid the use of alcoholic stimulants in every form.

Grateful thousands proclaim Vinegar Bitters the most wonderful Invigorant that ever sustained the sinking system.

No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary.—There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the Body against disease by purifying all its fluids with VINEGAR BITTERS. No epidemic can take hold of the system thus fore-armed.

Dyspepsia or Indigestion. Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

AGENTS AND DEALERS IN

PIANOS, CABINET ORGANS, MELODEONS

AND ALL KINDS OF

MUSICAL INSTRUMENTS,

respectfully inform the public that they are prepared to furnish Pianos of the following manufacture or of any other make that may be preferred:

Albright, Reikes & Schmidt, Chickering & Son, Bradbury, Knabe & Son, Hale & Son,

ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR *ORGANS AND MELODEONS.*

These Instruments stand unrivalled by anything found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and Performers, the last to discover excellence in reed tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a lifetime of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

BRASS BANDS supplied with instruments and music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes on reasonable terms.

INVALIDS,

Don't Despair

Thousands have found relief and thousands will turn to this Medicine, after exhausting their purses and patience in search of health. Giddiness of the head, dullness of the mind, fetid breath, dried tongue, loss of appetite, pains and weakness in the stomach, enlargement of the liver, yellowness of the skin, constant fear and thirst with a total distrelish for business, pleasure or any kind of employment. FAHRNEY'S PANACEA, if taken and persevered in for a few days, will remove the whole class of symptoms. The fluids of the body become pure, and mind clear, the stomach strengthened, the tongue clean, the appetite improved, and the whole system benefited that disease, in bad weather is less liable to afflict you.

Trade Dr. P. FAHRNEY'S

Celebrated

Blood Cleanser or Panacea

As a medicine for children, the Panacea is in every way calculated to take the place of the endless variety of drugs which are annually sold for that purpose, and which are often very injurious. A medicine which possesses the qualities of a cathartic as well as a mild alterative, and which is capable of arresting disease without the least injury to the child, is of incalculable value to every mother. As a cathartic, it is very effective, yet it does not, if given in proper quantities, cause nausea or distress in the stomach or bowels. It is very pleasant to the taste, which is a very important feature in a medicine for children. As a preventive of disease it is unprecedented, as it acts directly upon the digestive organs and the blood. In all scrofulous diseases it is the most effective medicine ever offered to the public; and, if given regularly and perseveringly, those eruptive diseases so common to children may be entirely eradicated.

Prepared by P. Fahrney's Bros. & Co., Waynesboro', Pa., and Dr. P. FAHRNEY, 30 North Dearborn street, Chicago. For sale by wholesale and retail dealers, and by A. D. BUEHLER and J. M. HUBER, Gettysburg.

WHANN'S

RAW BONE SUPER PHOSPHATE.

IN the culture of Wheat, true economy implies the use of such Manures as produce the greatest yield and at the same time leave the land in the best condition for Grass.

Whann's Raw Bone Super Phosphate

is extensively used on this important crop, for the reason that it fulfills these conditions—the Grass often paying for the fertilizer, leaving the increased yield of Wheat clear profit.

NO FERTILIZER HAS EVER EXCELLED IT.

Combining the active qualities of the best Peruvian Guano with the more lasting properties of dissolved Bone, it is unexcelled as a manure for Wheat. Those farmers who have used

WHANN'S RAW BONE SUPER PHOSPHATE

need no reminder as to its worth. Their continued use of it, year after year, is the strongest argument which can be brought to prove its merits. Farmers who have not yet used this renowned fertilizer, are earnestly requested to try it.

ITS MECHANICAL CONDITION IS EXCELLENT, ESPECIALLY FITTING IT FOR USE WITH THE DRILL.
